THE MODERN SIDE OF ETHAN ALLEN

A TIMELESS TALE OF AMERICAN

*design*

**Since 1932, Ethan Allen has furnished homes** across the United States.

We have built American factories and employed thousands of American designers, merchants, craftspeople, and factory workers who proudly create designer furniture with legendary Ethan Allen handcrafted quality. Over the decades, our designs have evolved along with American taste and culture.

**The modern zeitgeist calls for versatility,** comfort, and timeless style, so now we proudly introduce Lucy by Ethan Allen™. American design is born of the very best influences from around the world. It's in our DNA, and the Lucy ensemble is born of these values—fashioned with a blend of classical elegance and modern panache.

**Historically, Lucy was the youngest member of the Allen Family.** Her design persona is innovative, creative, and grounded in the neoclassical. She upholds the Ethan Allen values of exemplary design, service, and craftsmanship.

**We hope you'll love Lucy as much as we do.**

INTRODUCING

# MY MODERN THROWBACK

As a maven of modern design, I created this 33-piece midcentury-inspired ensemble of playfully collaborative style. My pieces are customizable in 52 mix-and-match fabrics and four leg styles, and delivered quickly - with "you" written all over them. [ethanallen.com/lucy](http://ethanallen.com/lucy)

DYNAMIC AND DIVINE,

*darling*

**Want to create a relaxed vibe with a strong sense of fashion?** I recommend my family of flare arms and a large-scale ottoman. They're midcentury stylish and modern in comfort and stain resistance. Let the kiddies and pets enjoy playtime, and you'll be ready for group selfies in no time flat.

**My "kiddies" play so nicely together.** They're into button-backs, what about you? The solids they wear are refined and stain-resistant. The ottoman and pillows are your chance to get in touch with your inner artistic child.

**Curves ahead!** My idea of R&R is Remson and Riley. They have the sweetest corners and are real softies. Karleigh is a center of attention and does triple duty as a seat, table, and footrest.

**Sloped, curved, and flared arms**—wave your hand if you're a fan of mix and match. All my designs are complementary artistic expressions. And fabulous upholstery choices like Nicolette in blush, featured here with my Karleigh ottoman, add the "e" to moderne.

Do you want to express your subtle sense of flare? I love a muted color palette. It's a fantastic opportunity for accents to stand out—such as these tapered cone legs—and as a backdrop for mixing and matching solids and patterns on pillows and bolsters.

**Feel like turning up the glam?**

Channel-backing conjures old Hollywood, so starlets like me will be right at home. The stain-resistant fabric means you and your family and friends can really relax and celebrate during your own red carpet fêtes.

**Variety is the spice of life.** The range of my ensemble comes together in dramatic arrangements. Improvise with a range of colors, backing, and patterns. And perhaps go with the audacious “heels”.
